Navigating within the platform

Within the Android Trader, there are 5 main sections you will need to familiarize yourself with.

| These are: | |
|--------------------|--------------------------------------------------------|
| Quotes = | List of instruments with their curr ent bid/ask rates. |
| Charts = | Shows the price movement of a |
| | selected currency pair. |
| Trade = | Shows your open positions' details such as pr ofit, |
| | balance, equity and free margin. |
| History = | Shows your trading and balance histor y. |
| Application Menu = | Allows you do all the necessary actions within the |
| | application such as open/close positions and add |
| | new trading accounts. |

3

Application Menu

This is the most important menu on the application. It will allow you to open new positions, add new symbols to your quotes section, add or remove trading accounts and modify your application settings. Menu is located on the bottom of the application.

Trading Accounts

To login, add or remove trading accounts simply open the application by clicking on the software icon found on your phone. Visit the account area by selection the "Settings" option on the application menu

4.1 How

How to Login

To login to your T4Trade trading account, while in the Acounts section select the "Login to existing account" option.

You will then be prompted to the broker selection screen where you will be able to search and find our servers (Demo and Live) by entering "T4Trade" on top search bar. From the results select your server and enter your account details. You can save your details by ticking the "save password" option found on the bottom of the screen.

Login:Your MT4 account numberPassword:Your MT4 account password

Creating a Demo Account

You can create a Demo Account with T4Trade directly from the application by clicking the "open demo account"

option. Select our Demo server by searching for "T4Trade" and fill in your personal details on the signup screen. To finalize your registration click the "Register" button on the top of the page.

When the registration process is completed, you be automatically logged in to your account and an email will be sent to you with your account information.

Personal Information

| Name: | You full name |
|--------|-----------------------------|
| Phone: | A valid phone number |
| Email: | Your personal email account |

Account Information

Account type: The base curr ency for your account Leverage: Your desired leverage Deposit: Your initial starting account balance.

Removing an account

All your trading accounts are listed in your "Accounts" section. To delete an account simply slide tiover the account you wish to remove and click the "Delete".

Quotes Tab

Quotes tab displays the list of instruments with their bid and ask rates. You can place orders and view the chart for each instrument in the list. You can always add or remove any available tradable instrument so that y ou can create your own personalized list. 13:44:13 EURUSD Spread: 13:44:13 GBPUSD Spread: USDCHF Spread: 13:44:13 USDJPY Spread: AUDUSD Spread: USDCAD Spread: NZDUSD Spread: EURCHF Spread: 13:44:13 EURGBP Spread: 8

5.1 Adding an instrument Open the application menu and Open the application menu and while in the "Quotes" section select the Plus sign on the top right corner. To add an instrument, browse through the instrument types, find the pair you want to add and press the green plus sign next to it.

Charts Tab

Charts section displays the price movement of an instrument within a given time period. Zooming can be done by moving your fingers vertically (zoom-in) or horizontally (zoom-out). To view the chart on a wider scale, simply turn y our smartphone on a landscape mode.

Using the menu bar on the top will give you the ability to shift between your instruments, time period and change chart types. You can select and view only instruments that have been previously added in your Quotes lists. Chart types available are bar chart, candlestick and Line chart.

Trading 9.1 Opening a new position

To trade within the application, open up the "Trade" tab and tab on "Open Position". Proceed by select your instrument and volume (lots). Lastly choose your execution type ("instant", "buy/sell stop" or "buy/sell limit"). Keep in mind that only instruments that are in your Quotes section will be displayed so make sure you add them in your list before trading.
